## INNOVATE, ASSIMILATE, MOTIVATE

The Annual Conference of the Indian Society of Aerospace Medicine (ISAM) provides a multi-faceted forum for all disciplines of Aerospace Medicine. No other meeting brings together such a diverse group of specialists - physicians and scientists from the armed forces, private practitioners in all clinical specialties, biomedical engineers, psychologists and aircrew- together under one umbrella of scientific deliberations.

The theme for this year's conference is **INNOVATE, ASSIMILATE, MOTIVATE**. Let us be **innovative** in our thoughts and actions. Let us **assimilate** our combined knowledge of Aerospace Medicine, our progressive thinking and our novel concepts to **motivate** the future generations of flight surgeons. The presentations during the conference will delve into the current challenges in Aerospace Medicine and the way forward for improving the health, safety, and human performance of those involved in aviation and space. This conference also presents an opportunity to share the knowledge which we gain in our day-to-day work and practice and to interact with colleagues from across the globe. More importantly, the conference gives an opportunity to renew old friendships and forge new ones, that are bound to last a lifetime.

## WELCOME TO BANGALORE

The 56<sup>th</sup> Annual Conference of the ISAM will be held at the **Institute of Aerospace Medicine, Indian Air Force Bangalore, India** from **25-27 Aug 17**. Bangalore, also called the Garden City and the IT capital of India, is the capital of the South Indian state of Karnataka. A landlocked city, Bangalore is located in the heart of the Deccan Plateau at an average elevation of 3,020 ft above mean sea level. Come, experience the charm of this bustling metropolis and its environs as we get together for three days of stimulating academic sessions and rejuvenating social events, both for the delegates and their spouses.

## CALL FOR PAPERS

The Scientific Committee invites authors to present their original research work, case reports, new concepts, reviews and innovations at the conference. Let us gear up for brainstorming and discussions on issues and controversies in Aerospace Medicine to come up with tangible solutions for the problems facing man in aviation, space and beyond.

In addition, proposals for panel discussions and workshops on issues of aeromedical interest are also invited.

Kindly note that **the last date of submission of abstracts, full papers and suggestions is 30 Jun 17**.

## PRELIMINARY REGISTRATION FORM

First Name: .....  
Surname: .....  
Title & Affiliation: .....  
Postal Address: .....  
.....  
.....  
.....  
Email: .....

## PLEASE TICK THE APPROPRIATE BOXES

- Interested in registering for the Conference
- Intend to present paper
- Intend to present poster
- I want to propose a panel discussion
- Attending alone
- Attending with spouse
