Online registration and payment of delegate fees at www.isam.in

This year we dedicate '64th Annual ISAM Conference' to innovative spirit of Aerospace Medicine with the theme 'नवाचारम् : अनंत संभवः' conveying 'Innovations in Aerospace Medicine : Infinite Possibilities'. Aviation and Space technology is evolving at phenomenal pace, challenging humans to explore the uncharted realms. Innovative approaches by Aerospace Medicine practitioners in balancing the safety and optimal performance requirements of aviators has been the backbone of ongoing unprecedented expansion of military as well as civil aviation. With reignited intent to explore the space, innovations in Aerospace Medicine in supporting life and functionality of spacefaring astronauts will make the quest to explore infinite space, an opportunity with infinite possibilities.
